DEMANDS SPEED ON PAVING JOB

City Council Holds Special Session
and Notifies Paving Company
to Rush Local Jobs

PEOPLE ISOLATED ALL SUMMER

Morgan Street Has Been Torn up
Since April—Several Other Matters Taken up

A little speed on the completion of Morgan street and Fifth street paving will be urged, following a special session of the city council Friday afternoon, and the Andrews Asphalt Paving Company of Hamilton Ohio, will be notified to rush the work through at once, without any further delays.

Complaint after complaint has been registered from people living in Morgan street, who have been isolated since last April, when the street was blocked, and excavation began on the paving project.

The contracting firm made rapid strides in spurs, and was delayed frequently by other agencies. The concrete foundation has been in place for two months and there is no sign of the asphalt coating. The paving job was contracted to be finished by July 15.

The Fifth street job was rushed through a few weeks ago, and the concrete base was laid, and this street also is blocked, waiting for the asphalt to be applied.

City officials when confronted with the questions, have been told each week that the asphalt plant would be here in a "few days", but the time has been so extended that it has run into weeks. An order from the state fire marshal's office may be imposed, because much property is in the area that is enclosed by the two streets being blocked, and which make it a hard task for fire apparatus to go over. So far, the department has been fortunate in not having a call on the two streets.

While the members of the council were in special session, plans for going ahead with the improvement of Hodges Branch, which has been referred in the circuit court, were talked over, and a new boundary list of persons affected, will be made up. A bill for \$852 was awarded to the Sender Insurance agency for a liability premium that is due, and over which a controversy has existed for some time.

The L. & C. Traction Co., was notified to repair at once a bridge over Hodges Branch in West Seventh street street, which the city alleges was damaged when one of the car tracks was removed, leaving a hole in the bridge that is dangerous.

Several other minor matters affecting the business of the city were taken up, but action deferred until the regular meeting in the first part of October.

ZR-3 MAY START FOR AMERICA NEXT WEEK

Giant Zeppelin, Which Will be Delivered as Spoils of War, is Ready for Flight

IS GIVEN 34-HOUR TEST

By CARL D. GROAT
(U. P. Staff Correspondent)

Berlin, Sept. 27.—The ZR-3 may start for America next week if the weather is favorable.

The giant Zeppelin which is to be flown across the Atlantic and delivered to the United States as a spoils of war, came through her long 34 hour test with flying colors and is ready for the flight.

Her commander, Captain Egener, will not gamble, however, but will start only when reports indicate voyage can be made in perfect safety.

A preliminary examination of the motors of the ZR-3 which returned to Frederickshafen at 7 o'clock last night after cruising since 9 a. m., Thursday, showed them to be functioning in perfect order.

The radio needed some overhauling, as it failed partially during the trip.

QUARANTINE AT HOUSTON

Anthrax Epidemic Breaks Out in Two Suburbs of City

Houston, Tex., Sept. 27.—With 1200 persons in quarantine in two suburbs of Houston, health department officials were to decide today whether the quarantining against anthrax was to be continued.

A wooden barricade had been thrown across the road leading into the district where a herd of dairy cattle is suspected of having the disease and all persons entering the have to remain until the ban is lifted, have to remain until the ban is lifted.

Forty federal inspectors, part of whom were in California at the outbreak of the hoof and mouth disease there, are enroute to Houston.

The affected area is near the source of the city's milk supply.

HUSBAND AND WIDOW HELD ON SUSPICION

Suggestion of Hight-Sweetin Poison Leads to Investigation of Johnston, City, Ill. Probe

MAN'S BODY IS DISINTERRED

(By United Press)

Johnston City, Ill., Sept. 27.—Suggestion of the Hight-Sweetin poison case at Mount Vernon, 40 miles north, today was credited with causing an investigation into a local case of mysterious death on a theory of poisoning.

Organs from the body of Joseph Harrington who died here September 3, were on their way to Springfield for chemical analysis today.

Coroner Wm. McGowan had the body of Harrington disinterred in a cemetery here late yesterday and after an autopsy, ordered the dead man's widow, Ruby, and the husband she married September 24, held on suspicion.

Robert Tate, a coal miner who had boarded at the Harrington home for several months is the husband of the widow.

Dr. L. H. Green, who with Dr. M. Hendrickson performed the autopsy, admitted "there was something wrong with the stomach." But he refused to state whether he believed it was a case of poisoning.

Harrington and his wife were both active members of the Holly Roller church and Harrington declined medical attention when he became ill August 28. He grew worse and died September 3. A physician in the death certificate ascribed death to "congestion of the bowels."

COPPER CARBONATE POPULAR IN COUNTY

Enough Sold to Treat 8,265 Bushels of Wheat for Stinking Smut—Few Have Sown Wheat

MAJORITY WAIT FOR OCT. 1

That Rush county seed wheat will be more extensively treated for smut this year than ever before in the history of the county, is revealed by the fact that Rushville drug stores have sold enough copper carbonate to treat 8,265 bushels of wheat.

Counting two bushels to the acre, enough seed has been treated to sow 4,132.5 acres. This is a much larger percentage than usual and it is expected to increase the value of the 1925 wheat crop in the county.

Although some wheat has been sown, it is estimated that a big majority of the wheat growers of the county have postponed sowing until the fly-free date, Wednesday, October 1.

Those who have sown realize that they take a chance in having the Hessian fly destroy their seed, but they prefer to take that chance rather than risk bad weather that might come at any time and delay them.

Many farmers have all plans made for sowing wheat the first of next week. Most of them believe that Monday will be near enough to the fly-free date to be safe.

THE BUSY MAN'S NEWSPAPER

NOTED SOLOIST IN THE MARINE BAND

Robert E. Clark, Who Has Seen Service on All Parts of Globe, With the Organization

TROMBONE PLAYER OF MERIT

After 14 Years With Marine Band, He Stands Without a Peer in the United States

Musie lovers of Rush county will be pleased to learn that when the United States Marine Band appears here for its two concerts on Wednesday, October 29, Robert E. Clark, one of the most noted trombone soloists in the world, will be with the organization.

The two appearances of the band, at 3:30 and 8 p. m., at the Memorial park coliseum, will be sponsored by the Daily Republican and the proceeds above expenses will go to the Rush County Child Welfare association and the Boy Scouts.

Few performers on the ancient musical instrument of the trumpet family have attained greater success than this devil-dog, who for more than fourteen years has seen continuous service with Uncle Sam, and who stands today without a peer among trombone players.

Born out in Fort City, Iowa, Robert Clark spent his early years in the great Hawkeye State, with the mouth-piece of a battered old trumpet, rather than the proverbial silver spoon most frequently finding its way into the gaping chasm that occupied the greater portion of space behind his nose and chin.

Presbyterian in his practice on the old instrument, that once belonged to his father, the youth was well qualified to enter the famous Canadian Kilties Band, of Belleville, Ontario, when his family migrated to that place. He remained with the Canadian "ladies from hell" for three years, during which time he toured the world with the organization. On his return to his native land in 1910 he straightway enlisted in the Marines, and was immediately assigned to the famous band of the service, where he has gradually worked his way to the front as one of its star soloists.

In speaking of Clark's ability with the trombone, W. L. Radcliffe, head of the well-known Radcliffe enterprises, under whose management the Marine Band makes its annual tours,

SISTER DIES SUDDENLY

Ed Beer of this city has received word of the sudden death of his sister, Mrs. John Bushing at Versailles. The woman expired of apoplexy. She has frequently visited here and besides the local brother, she is survived by a brother, Richard Beer, of Osgood, and a sister, Mrs. Anna Avery of Versailles. She also leaves a husband and a son.

GOING BACK HOME TO FIRE FIRST GUN

Ed Jackson, Republican Nominee for Governor, Will Lead Caravan to Newcastle

OPENING SPEECH TONIGHT

Is Expected to Strike Back at Dr. McCulloch in Reply to Issues he Has Raised

(By United Press)

Newcastle, Ind., Sept. 27.—Ed Jackson, Republican nominee for governor, will come back to his old home town tonight to fire the opening gun of his gubernatorial campaign.

Jackson will make the first political speech of his campaign at the sixth district rally in the coliseum tonight.

Leaders of the state organization,

all the candidates for state offices

and hundreds of the rank and file of

the G. O. P. from other congressional

districts are expected to join the

sixth district Republican in the rally.

An auto caravan of nearly 500 persons was to leave Indianapolis early this afternoon, stopping at Greenfield, Knightstown and other towns on the way.

Early this evening there will be a big torch light parade, headed by a band and half a dozen drum corps.

Jackson will outline the policies on which he will ask the voters of the state to elect him in November. He is also expected to strike back at Dr. Carleton McCulloch, Democratic nominee for governor, who has linked Jackson's name with the sale of Dollings stock in Indiana.

The state candidates and other leaders will make brief speeches.

MAYOR THOMAS TO WED

Newcastle, Ind., Sept. 27.—A marriage license was issued here Friday afternoon, to Mrs. Mary J. Keen of Lewisville, Ind., and Walter R. Thomas, mayor of Rushville. They will be married tonight.

U. S. MARINES IN BLOODLESS WAR

Landing Party Routs Band of Chekiang Who Raided Standard Oil Compound and Disarms Them

OPEN COUNTER OFFENSIVE

Gen. Lu Yung Hsiang's Entire Army Thrown Against Invaders in Surprise Attack

By D. C. BESS
(U. P. Staff Correspondent)

Shanghai, Sept. 27.—American marines went into action today in a bloodless battle with Chekiang troops. The Chinese, part of the badly shaken army of Lu Yung Hsiang, had raided the Standard Oil Company compound here. With Chi Hsieh Yuan's two armies virtually at the city gates, the Chekiangs are becoming increasingly difficult to control.

The raid on the American property which is on Chinese territory, took place this morning.

The marines were aboard the war vessels which have been stripped for action in the harbor for a fortnight. A landing party came ashore and made for the compound, routing the Chinese and disarming them.

The Americans were posted on guard at the Standard Oil property.

Chekiang troops defending Shanghai started a terrific counter offensive today.

Half of General Ku Yung Hsiang's entire army was thrown against the Kiangsus in a surprise attack.

The unexpected maneuver was effective and Lu's troops made large advances towards Nanking.

Up to this time, the opposing armies had been eyeing each other from trenches less than 100 yards apart with General Chi Hsieh Yuan, who had Lu surrounded, expected to take the initiative.

TOM TAGGART OPERATED ON

Boston, Sept. 27.—Thomas Taggart Democratic "boss" of Indiana successfully underwent an appendicitis operation at the Massachusetts General Hospital today. Dr. D. F. Jones who performed the operation, issued the following statement: "Abscess about the appendix drained under local anesthetic. Condition of patient good." The general health of the patient was such, it was said, that no complications are expected.

CINCINNATI WIDOW SLAIN

Mrs. Frances Rawson Killed and Son-in-law is Sought

Cincinnati, O., Sept. 27.—Mrs. Frances D. Rawson, 70 years old, widow of Warren Rawson, former wealthy pork packer of Cincinnati and whose family has been prominent in the business and social life of the Queen City for many years, was shot to death in her palatial home at 444 Warren avenue, an exclusive section of Clifton, early Friday night.

Her daughter, Mrs. Nina Rawson, 40 years old, is at a hospital with a bullet wound in her left arm and another bullet wound in her neck. A third daughter, Miss Josephine Rawson, 35 years old, escaped from the hail of bullets.

Police are making a search for Vinton Perin, 50 years old, a son-in-law of Mrs. Rawson, who is said to have been seen leaving the Rawson residence.

TWO DIVORCE SUITS ARE HEARD IN COURT

No Decision in Either Case as Evidence is Taken Under Advisement by Judge Sparks

NO ACTION IN PAYNE CASE

Two divorce suits were on the docket for this morning in the circuit court, and the evidence was heard by Judge Sparks in each case, but no decision rendered.

The first case heard was the suit of Minnie Stevens against William Stevens, and the action was contested by the defendant, who was attempting to secure custody of their minor children. Only a few witnesses were used, and no decision was rendered because another witness is to be examined next week.

In the second divorce suit, Winnie P. Barlow is plaintiff and Ransie Barlow, defendant. The defendant failed to appear to contest the action. The plaintiff now resides in Shelbyville, but prior to the filing of the action, was a resident of the Gowdy neighborhood in this county.

The motion to quash the counts in the charge against Earl H. Payne, charged with false pretense, was heard Friday afternoon by Alonzo Blair, special judge. The matter is under advisement and will not be determined for a few days.

PROGRESS IS MADE UNDER A LOCAL MAN

Agricultural Department of Republican State Committee Directed by Elmer E. Hungerford

NATIONAL MANAGER CALLS

The agricultural department of the Republican state committee, under the management of Elmer E. Hungerford, of this county, is making very rapid progress, considering the fact that this department was only lately organized.

R. W. Dunlap, manager of the farm division of the National Republican committee in Chicago, called on Mr. Hungerford Friday in Indianapolis and they held a conference, discussing plans for both national and state work which will be put on this campaign.

This is the first time in history that Agriculture has become a national issue. Rush county being the foremost agricultural and live stock county in the United States, special effort should be made by all Republican leaders, farmers and their wives to get behind the program as mentioned in the Republican platform, for agriculture, it is believed.

REGULAR SERVICES

The regular morning services will be conducted at the First Baptist church Sunday morning with Sunday school at 9:30 o'clock and preaching services at 10:30 o'clock. There will be a called meeting of the men of the congregation at the conclusion of the morning service. This congregation will join in the union services at the Main Street Christian church Sunday evening honoring the farewell for the Rev. L. E. Brown.

WEATHER

Unsettled with showers to-night and Sunday morning. Cooler.

FEED—Heavy wheat milled production depressing influence in markets. Offerings larger than they have been for some time. Some improvement in demand from interior but large mixers doing sparingly. Cottonseed cake and meal firm with heavy demand for slab cake for export. Good feeding demand for cake in southwest. Linseed meal easier with offerings for future shipment steadily increasing. Cornfeeds barely steady with supplies exceeding demand. Alfalfa meal dull with mills asking higher prices than mixers care to pay stop movement and stocks most feeds good. Quoted Sept. 26, spring middlings \$24.50; 34 percent linseed meal \$44. Chicago hominy feed \$41; gluten feed \$49.80; Memphis 36 percent cottonseed meal \$37. Sixty percent digester tankage \$60 at various shipping markets.

DAIRY PRODUCTS—Butter markets somewhat steadier and firmer after a week of unsettled trading. Tone of market has been sensitive, with a shortage of fancy goods about the only support. Production slowly decreasing as season advances but market receipts have been quite heavy in the relation to the current demand. Some storage butter beginning to move. Although active movement held back on account of current prices being below cost prices at time butter was stored. Firm foreign markets make some export trade appear as a possibility. Closing wholesale prices on 92 score butter: New York 37¢; Chicago 35¢; Phila 38¢; Boston 37¢. Cheese mkt steady to firm although trading seems to have dropped off some in volume as compared with week ago. Weather conditions have been favorable for both quantity and quality production, and production in Wisconsin has held up well for season. Market lighter in New York on account of closing factories or diverting of milk into other

**BIBLE THOUGHT
—FOR TODAY—**
Bible Thought tomorrow will prove a precious heritage in after years.

God rules within:—I will put my Spirit within you, and cause you to walk in my statutes, and ye shall keep my judgments, and do them. And ye shall dwell in the land that I gave to your fathers: and ye shall be my people, and I will be your God.—Ezekiel 36:27, 28.

Prayer:—
“Gracious Spirit, Holy Ghost, Taught by Thee we covet most, Of Thy gifts at Pentecost, Holy, heavenly love.”

A Good Citizen's Duty

In case there should be any person who has not heard about it, we would like to call attention to the fact, with all due apologies, that there is going to be an election on November 4.

If corruption is prevented, demagogery rebuked, communism foisted and folly warded off, all good citizens must go to the polls and vote.

In 1896 80 percent of the American voters cast a ballot; in 1908, 66 per cent; in 1912, 62 percent; in 1920, less than 50 percent. The stay-at-home vote at the last general election amounted to 25,705,063.

This is not an affliction of any particular state or group of states. The distressing evidence of lack of interest in governmental affairs is common to every section of the country.

It is a constantly growing menace that threatens to sap the vitality of the nation.

As a general rule, the man or woman who neglects to qualify for voting and doesn't vote can give no valid excuse for failure to perform that important civic duty.

Listless indifference to the welfare of the United States will threaten, if not destroy, orderly government.

Responsibility rests alike upon men and women. There is no distinction as to sex, color or race, providing you are a citizen of the United States.

Find out where you vote and then vote when the time comes.

If you are disqualified for voting by reason of having moved into another precinct, since the last election register on Monday, October 6. Then you are ready to do your duty as an American citizen.

Support The Teacher

There are approximately eight hundred thousand school teachers in the United States, not including superintendents, supervisors and principals.

Here are eight hundred thousand opportunities for service and that can not be measured in ordinary terms, if they are appreciated.

Teachers who live up to their possibilities do more than teach children facts that may be learned from books.

They teach them to appreciate the good things in life; tolerance for others; that joy comes not from selfish pursuits, but by making others happy, that the well-rounded man or woman is not self-centered.

Though they have a powerful influence over children, school teachers can not accomplish the results most to be desired without the aid of parents in providing the proper environment at home.

Every community is proud of its schools and its boys and girls. The measure in which their lives redound to the glory of their home community depends upon the support which the teachers receive.

Back them up for results that count in later years.

The Magic of The Future

Can you imagine by what magic a farmer could go to bed at night and wake up in the morning to find that his fields had been plowed without the aid of either human hand or team?

You probably can't, because it is beyond human conception, but B. C. Forbes, widely known economic writer and editor, says that it is neither dream or fairy tale.

Electricity, he says, will make this seeming witchery reality, because this is only one aim of a movement now in progress to revolutionize farming. Co-operation, Mr. Forbes asserts, between electric companies, their inventive geniuses and the farmers will enable the farmer to plow while he sleeps.

Such a development seems far away, but in the light of progress that has been made, it may be closer than anyone imagines.

WASHINGTON — Politicians used to put their ears to the ground to hear what the people were saying. Now the people put their ears to the radio and get a darned good idea what the politicians are whispering to one another.

At any rate, that's what the politicians are afraid they're doing.

Under the old system the politicians had the advantage: they knew things in advance of the people.

Under the new system isn't it possible the people will have the advantage?

This thought worries the politicians.

They don't know exactly what the answer is. They can't judge from past experience, for this is the first campaign the radio has figured in, at least enough to amount to anything.

IT'S true the public always has had a chance to get plenty of politics through the newspapers. The public also could go to political meetings.

But the natural inference from the fact that less than half the country's eligible voters bothered to cast their ballots at the last election, is that they weren't a bit interested.

Not being interested, the politicians' guess is that they didn't read what the newspapers printed about politics or attend any political meetings.

Now it's one thing to stay away from a political meeting.

It's one thing to turn from the political page of a newspaper, to the pink sheet—

And it's something else again to get past a loud speaker without having something screeched into

CARTHAGE

The Misses Louise Parish and Dorothy Sipe gave a miscellaneous shower at the latter's home in honor of Mrs. Paul Bennett, formerly Miss Helen Kenworthy, before her marriage last Monday. Master Charles Glenn Passwater acted as "expressman," and brought in an express wagon heaped high with many presents and useful gifts. Mrs. Al Carr gave several monologues and Miss Alma Fort sang "Smilin' Thru." Those present were Mrs. Paul Bennett, the Misses Mable Phelps, Emma Peacock, Louise Jessup, Alma Fort, LaVonne Haywood, Myra McDaniel, Dorothy Edwards, Mrs. George Bennett, Mrs. H. Kenworthy, Mrs. H. G. Conaway, Mrs. Herbie Behler, Mrs. Kellas Porter, Mrs. Arthur Winfield, Mrs. Will Peacock, Mrs. T. J. Passwater, Mrs. Regenald, Mrs. Paal Williams, Miss Reed, Mrs. Michael Kizer, Mrs. Al Carr and Miss Artie Walts of Ashley. Dainty refreshments were served at the close of an enjoyable evening.

your ear that will stick there, in spite of you. • • •

WILL the radio bring out the stay-at-home vote, or any considerable part of it?

If it does, considering that the stay-at-home vote last time was a little more than 50 per cent of the total eligible vote, and if it shows a decided partiality for any particular candidate—why, then the stay-at-home vote can pretty much anything it wants to.

And the stay-at-home vote, like the radio, practically is an unknown quantity.

Taken in connection with the fact that a three-cornered fight is confusing, anyway, all this makes the situation very disturbing to the politicos.

POLITICIANS don't mean exactly what they say when they declaim against the stay-at-home vote.

A politician is just as much in earnest as he pretends to be when discussing his own party's stay-at-home vote, but mighty few politicians lose much sleep over opposition.

In fact, among politicians of all parties, the bigger the total stay-at-home vote is, the easier it is for the politicians to manage things and the less they have to fret about.

The last stay-at-home vote was big enough to suit the most fastidious political taste. But will it stay at home this time, too? If not, its very bigness makes it perfectly uncontrollable.

Now it's one thing to stay away from a political meeting.

It's one thing to turn from the political page of a newspaper, to the pink sheet—

Robins Not High-Priced Club

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Sept. 27—Out west, where the baseball bugs breathe fire and snort smoke at the mere mention of New York, there will have to be a new squawk organized if the Brooklyn Robins win the National league pennant.

Even if the Robins fail to land no better than second or third place, the theory advanced, and generally believed in the west, that money is the biggest factor in baseball will have been exploded.

As long as the Giants keep on winning the pennant the fans can work themselves into a wrath and ask maledictions upon a club that can buy a pennant winner. The Giants have spent a lot of money on players, but Charley Ebbets certainly has never been accused of being reckless with the cash of the Brooklyn club. He has taken as much kidding in the public print about his frugality as the Prince of Wales has read about his horsemanship.

In answer to any more threats about his relation to Harry Launder, Ebbets may be able to say this winter: "Spend money? Why should I be a sucker. I win pennants, and look at my roll."

Compared to Babe Ruth, Willie Kamm, Jimmie O'Connell and several others there isn't an expensive ball player on the Brooklyn team. There are several, in fact, that were picked up off the bargain counter or salvaged from the baseball dump.

Jack Fournier came to the club from St. Louis in a trade for Hy Myers.

Andy High was purchased from the Memphis club for \$5,000.

Milton Stock came from St. Louis in a deal for Mike Gonzalez and some cash.

PIGSKIN MAKES ITS DEBUT TODAY

First Games of College Football Season Played, all Leading Schools Except Notre Dame Playing

WABASH FACES PURDUE

Indiana and Purdue Teams both Face Better Prospects This Year Than For Many Seasons

By DICK MILLER
(Written for United Press)

Indianapolis, Sept. 27.—The first pigskin went over the line in Indiana today. The football season is on with grid seals. Teams have had two weeks to limber and are to meet today to prove themselves.

At the head of the college card today are:

Wabash against Purdue at Lafayette.

Hanover against Butler at Indianapolis.

Indiana against Rose Poly at Bloomington.

DePauw against James Milliken at Greencastle.

Valparaiso against Elmhurst at Valparaiso.

Notre Dame is to work another week before its season opens with a clash with Lombard at South Bend.

Coach Rockne, the old reliable mentor, is quietly at work. Persons who have seen his squad in practice this year are confident it will equal or surpass its past record.

Coach Jimmy Phelan of Purdue has prepared for a terrific onslaught from the Wabash warriors and has given his men a tough workout. He has several veterans with added strength with entries from last year's strong freshman team.

Indiana has many veterans but Coach Heze Clark has impressed his system more deeply on the minds of his grididers and promises to show Coach "Navy Bill" Ingram what they can do.

It is expected that both the Indiana and Purdue teams will conclude the season with a better showing than in 1923. This is Coach Clark's second year at Rose Poly and he expects to give a better account of himself.

Coach Ashmore of DePauw, plans to try his team's strength in the battle with Milliken so he can tell what preparation to make for the DePauw-Indiana game next week.

In the final analysis it is expected that both DePauw and Wabash will be weaker than in the past.

Franklin is confident with an abundance of seasoned players and Coach Duggan expects an easy victory over Indiana Central.

For the state high school title, teams of both Emerson of Gary and Central of Evansville are confident they will be runners up.

Muncie high which lost a hard fight to the Gary Boys last year will again be in the field of contenders at the final reckoning.

Coach Moffett at Brazil has hopes of entering his teams in the contender class, and both Fort Wayne teams are painting their futures bright.

Greencastle and Brazil are to meet early to eliminate one of the strong contenders.

This is the first season for Bloomington and Crawfordsville.

In the north Warsaw is saying little but is down to business.

Word from Clinton, Sullivan, Terre Haute, Decatur, Goshen, South Bend, Michigan City, Princeton, Wabash, Peru, Attica, and Elkhart is that the high school grididers are showing more skill than ever.

With all these observations it seems that efforts to select a title bearer this year are going to be harder than ever. In view of this the state high school athletic association may be forced to arrange an elimination method to pick the best team.

WATSON TO OPEN CAMPAIGN

Indianapolis, Ind., Sept. 26—Frank Rozelle, chairman of the speakers' bureau of the Republican state committee, today announced that Senator Watson will launch his speaking campaign for the Republican ticket with an address at Michigan City next Tuesday night.

NOTED SOLOIST IN THE MARINE BAND

(Continued from Page One)

said: "In addition to Clark's rare artistry he has some delightful tricks, such as the production of harmony on an instrument ordinarily capable of delivering only a single tone at a time. He has also that coveted accomplishment, the lip trill, which is much softer and more even than the thrill which can be produced by the mechanism of the instrument."

It might be said further that the Marine Band's star trombone player is a composer of ability, his works, "The Ecstasy of Spring," and "May Blossoms," being considered masterpieces in trombone music.

The veteran marine has seen service in all parts of the globe, has been awarded many medals and decorations, and is a member of the Veterans of Foreign Wars. That he will be accorded a warm welcome when he appears in Rushville need hardly be added.

Washington—Although Cyrus McGregor's hen has never been credited with being an artist, she has laid an egg on the shell of which is a perfect likeness of a snake in relief, partly coiled.

Hanover against Butler at Indianapolis.

Mrs. Sarah Guffin was hostess to the members of the O. N. T. club Friday afternoon at her home in North Morgan street for the first meeting of the fall. A very enjoyable afternoon was spent and a delicious luncheon was served by the hostess.

Miss Mildred Stewart was hostess Friday evening to the members of the W. W. T. class of the First Baptist church. A short business session was held at the beginning of the program, during which business pertaining to the class was discussed. Musical numbers by different members of the class were enjoyed and the remainder of the evening was spent informally with games and contests. Refreshments were served at the conclusion of the program.

* * *

The Bible Study Class met Friday evening at the home of Mrs. George Urbach in North Main street. Eleven members were present at the meeting, which opened with prayer. Roll call responses were verses from the bible containing the word joy. After a short business session the leader, Miss Nellie Trobaugh, had charge of the program. The book of Genesis was reviewed by the members. Refreshments were served during the social hour. The next meeting will be held at the home of Mrs. Perry King.

* * *

Miss Beulah Phillips entertained Friday evening with a card party at her home in this city, honoring Miss Carrie Edwards who is leaving soon to enter Normal School at Terre Haute, Ind. Two tables of cards were in session during the evening and dancing and music were also enjoyed. The home was prettily decorated in red and white, the senior colors of last year's graduating class, of which Miss Edwards was a member. Dainty refreshments were served by the hostess at the close of the evening.

MUSIC MEMORY CONTEST

The following material can be used in the study of the different numbers.

1. Minute Waltz—Chopin.

The "Minute Waltz" is so called because it is possible to play it within the space of a minute. The French call this number the "little dog waltz." According to a story, Chopin and a lady were one day much amused at the antics of a little dog whirling madly around trying to catch his own tail. "Had I your nimble fingers?" said the lady to Chopin. "I should compose a waltz for the little fellow." Acting upon this suggestion, the composer went to the piano and played this dainty number. It is a perfect example of the waltz form waltz, trio, and waltz.

Chopin (Show-Pahn) was born in Poland in 1810 and died in 1849.

Chopin is called the poet of the piano and the musical poet of Poland. James Huneker, the eminent New York critic, said of him, "Within his range he is the most perfect lyrists that ever sang" and "never so long as the piano remains will Chopin be forgotten. He is Rubinstein says 'Its soul.'

2. The Stars and Stripes Forever—Sousa.

A stirring vigorous, military march which is probably the best known of Sousa's compositions. It is in regular march form, the first section having two melodies, the second or trio also has two themes.

John Philip Sousa was born in Washington D. C. in 1856.

He is famous, not only in America but all over the world, as a band leader and composer. His marches are unsurpassed anywhere. He is known as the "March King". During the late war he was director of the largest band ever assembled, that at the Great Lakes Training Station.

3. The Storm—William Tell Overture—Rossini

A strong passage suggests the distant muttering of a storm. This comes nearer and nearer until the storm breaks in all its fury. The piccolo pictures the sharp lightning, the flute the scattered raindrops, and the brasses and basses the heavy peals of thunder. The wind shrieks and the swollen torrents rush madly down the mountain-side. The storm spends its force and the storm dies down into refreshing calmness once more.

Rossini (ros-se-ne) was born in Italy in 1792 and died in 1868.

Rossini is one of the greatest Italian opera composers. His masterpiece, William Tell, was produced in 1828. This opera is best known by the overture which precedes it.

4. Anvil Chorus—Il Trovatore—Verdi

At the opening of the second act, the scene shows a gypsy camp in the Biscay Mountains. As daylight begins to tread the sky, the men begin their day's work and sing as they hammer the heated iron at their anvils. The orchestra has a long introduction, gypsy-like in character.

Verdi (Ver-de) was born in Italy in 1813 and died in 1901.

Eminent Italian opera Composer. He was the master and moulder of Italian musical thought for half a century."

HOMER SCHOOL

HOMER
Editor, FREIDA EDMONDSON
This school is progressing rapidly.

All of the classes in the Junior high school have organized and we aim to make this school the most attractive place in Homer community.

Fifth and Sixth Grade Department

We are all here every day and intend to be throughout the term. Our motto is "work." Work makes the old world move.

The classes in writing are making rapid progress. The art in this department is in free hand drawing and the work done so far is very satisfactory.

We have several little children in the primary room and they are getting along nicely for beginners.

The third and Fourth grade department is progressing also.

The Agriculture class is very much interested in their work. They are still on the study of hogs.

The Seventh and Eighth grades are progressing in English.

The Freshman Biology class watched the circulation of the blood of a frog under the microscope this last week and we have also been studying plant and animal cells under the microscope.

There will be a penny social at the Homer School building Friday Sept. 26. Everybody come and buy your suppers.

GINGS SCHOOL

ENTERTAINMENT

Mr. Marshall, a reader from Indiana Central University of Indianapolis, will give an entertainment at the school Wednesday afternoon in form of humorous and serious readings. He will give "The Hoosier School Master," written by Edward Eggleston, as the main feature of his program. The parents of the pupils are cordially invited to come and enjoy this program.

LATIN CLUB

The "Inter Nos" latin club met Thursday night at the home of Mrs. Stewart. Members of the club chose Latin names for themselves and these names were given in the roll call response. Meetings will be held on Thursday night every two weeks.

A program consisting of Latin songs, short talks and special music was prepared by the program committee, Mildred Billings, Helen Kennedy and Naomi Nash. Contests and a social hour followed the program and business session.

BASKETBALL

Robert McCulloch has been elected captain of the basketball team for the season, 1924-1925. Basketball prospects for the coming year are good. While very little has been done as yet toward actual shaping of a team, it looks as if we should have a team that will be a decided improvement over last year's outfit.

With three men of last year's team as a nucleus around which to build and with three star players from the grades coming on, the team should be able to give a better account of itself when in action. Gings starts the season early in order to utilize to best advantage the good weather.

The first game on our schedule is with Center October 3, October 10 we play Orange here and October 17 play Center at Center. While several dates are as yet unfulfilled we hope to have a full schedule arranged before very long. An attempt is being made to secure the Fairview floor for our games and for practice.

The Sophomores and Juniors are studying "modern Times in the Living Past" in history this year and thus far it has proved very interesting. Special reports have been given which added a greater explanation and far more interest to the study.

These same classes are not going to continue Algebra for these semesters but have started in with Geometry and are beginning now to get a real start.

PENNY SUPPER

Great plans are being made for the penny supper to be given by the school Wednesday night, Oct. 1, 1924. Alice Eakins, Mildred McMillin and Clara Cortner have been appointed as a committee for making posters and other means of advertisement. Don't forget the date, October first, at Gings school. There will be lots of good things to eat, including candy.

NEW SALEM

meeting Monday and everyone is waiting impatiently for the first game which will be with Raleigh October 7.

The boys' team is in regular practice for the coming season which will probably open October 10.

All classes under Mr. Jinks have been in a whirlwind of tests and everyone is coming through with flying colors.

The oyster supper which was given by the Athletic association last Thursday night proved a success, clearing about thirty dollars.

Plans for the Junior Fair which is to be given October 3, are well under way. We hope to make it a great success and are expecting a good crowd. Everyone is cordially invited to come.

Due to the fact that our school attendance is considerably increased this year, it has been found necessary to secure another teacher. Miss Norma Headlee is filling the position.

With Miss Wales as instructor we are finding the music Memory contest very interesting work.

Clinton—While Rev. William F. Feefe preached his farewell sermon here with "Greater Love for Parents" as his subject he was informed of the death of his mother.

Seymour—Daniel Hunsucker walked into a bank here, secured money, and paid off a debt to Thomas Julian. Julian was later arrested. He is alleged to have had a gun in Hunsucker's ribs when Hunsucker walked in the bank.

MARRIAGE LICENSE

A marriage license has been issued to Hugh Pettit, a laborer of this county, and Ruby Bradburn, daughter of Mr. and Mrs. Harve Bradburn also of this county.

BEFORE BABIES WERE BORN

Mrs. Oswald Benefited by Taking Lydia E. Pinkham's Vegetable Compound

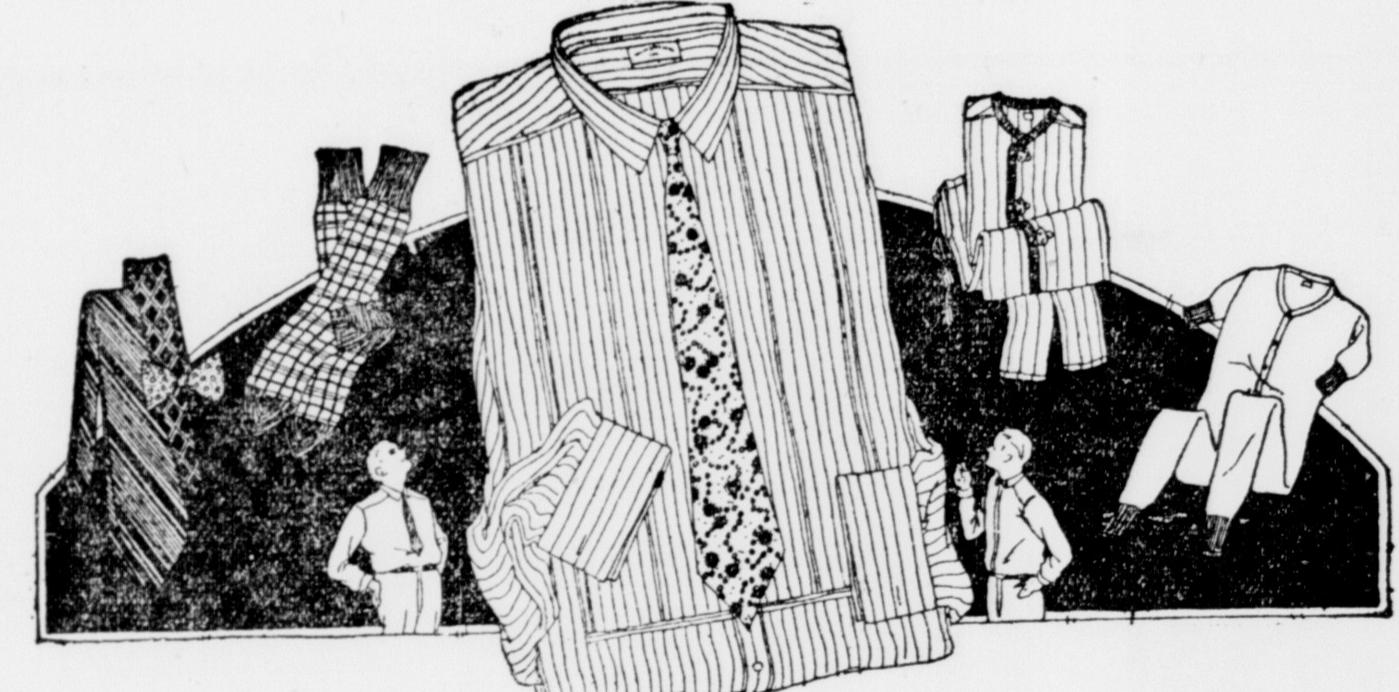

Girardville, Pa.—"I took Lydia E. Pinkham's Vegetable Compound before my last two babies came. It keeps me in perfect health and I am on my feet getting meals and doing all my housework until an hour before the baby is born. A friend told me to take it and I have used ten bottles since I heard about it. I recommend the Vegetable Compound whenever I can. Just yesterday a friend was telling me how miserable she felt, and I said, 'If you start taking Lydia E. Pinkham's you will feel fine.' Now she is taking it." — Mrs. P. J. OSWALD, JR., 406 W. Ogden St., Girardville, Pa.

Mrs. Nicola Paluzzi Says

Mishawaka, Indiana.—"I took Lydia E. Pinkham's Vegetable Compound for weakness before my babies were born. I was weak and tired out all the time and it helped me. When I had inward inflammation the doctor treated me, but it did not help me, so I tried Lydia E. Pinkham's Sanative Wash and it helped me right away. I will always have your medicines." — Mrs. NICOLA PALUZZI, 415 E. Broadway, Mishawaka, Indiana.

DEMANDS SPEED ON PAVING JOB

City Council Holds Special Session
and Notifies Paving Company
to Rush Local Jobs

PEOPLE ISOLATED ALL SUMMER

Morgan Street Has Been Torn up
Since April—Several Other Mat-
ters Taken up

A little speed on the completion of Morgan street and Fifth street paving will be urged, following a special session of the city council Friday afternoon, and the Andrews Asphalt Paving Company of Hamilton Ohio, will be notified to rush the work through at once, without any further delays.

Complaint after complaint has been registered from people living in Morgan street, who have been isolated since last April, when the street was blocked, and excavation began on the paving project.

The contracting firm made rapid strides in spurs, and was delayed frequently by other agencies. The concrete foundation has been in place for two months and there is no sign of the asphalt coating. The paving job was contracted to be finished by July 15.

The Fifth street job was rushed through a few weeks ago, and the concrete base was laid, and this street also is blocked, waiting for the asphalt to be applied.

City officials when confronted with the questions, have been told each week that the asphalt plant would be here in a "few days", but the time has been so extended that it has run into weeks. An order from the state fire marshal's office may be imposed, because much property is in the area that is enclosed by the two streets being blocked, and which make it a hard task for fire apparatus to go over. So far, the department has been fortunate in not having a call on the two streets.

While the members of the council were in special session, plans for going ahead with the improvement of Hodges Branch, which has been refiled in the circuit court, were talked over, and a new boundary list of persons affected, will be made up.

A bill for \$852 was awarded to the Seudder Insurance agency for a liability premium that is due, and over which a controversy has existed for some time.

The I. & C. Traction Co., was notified to repair at once a bridge over Hodges Branch in West Seventh street, which the city alleges was damaged when one of the car tracks was removed, leaving a hole in the bridge that is dangerous.

Several other minor matters affecting the business of the city were taken up, but action deferred until the regular meeting in the first part of October.

ZR-3 MAY START FOR AMERICA NEXT WEEK

Giant Zeppelin, Which Will be Deliv-
ered as Spoils of War, is Ready
For Flight

IS GIVEN 34-HOUR TEST

By CARL D. GROAT
(U. P. Staff Correspondent)

Berlin, Sept. 27.—The ZR-3 may start for America next week if the weather is favorable.

The giant Zeppelin which is to be flown across the Atlantic and delivered to the United States as a spoils of war, came through her long 34-hour test with flying colors and is ready for the flight.

Her commander, Captain Egener, will not gamble, however, but will start only when reports indicate voyage can be made in perfect safety.

A preliminary examination of the motors of the ZR-3 which returned to Frederickshafen at 7 o'clock last night after cruising since 9 a. m. Thursday, showed them to be functioning in perfect order.

The radio needed some overhauling, as it failed partially during the trip.

QUARANTINE AT HOUSTON

Anthrax Epidemic Breaks Out in Two
Suburbs of City

Houston, Tex., Sept. 27.—With 1200 persons in quarantine in two suburbs of Houston, health department officials were to decide today whether the quarantine against anthrax was to be continued.

A wooden barricade had been thrown across the road leading into the district where a herd of dairy cattle is suspected or having the disease and all persons entering the have to remain until the ban is lifted. have to remain until the ban is lifted.

Forty federal inspectors, part of whom were in California at the outbreak of the hoof and mouth disease there, are enroute to Houston.

The affected area is near the source of the city's milk supply.

HUSBAND AND WIDOW HELD ON SUSPICION

Suggestion of Night-Sweetin Poison
Leads to Investigation of John-
ston: City, Ill. Probe

MAN'S BODY IS DISINTERRED

(By United Press)

Johnston City, Ill., Sept. 27.—Suggestion of the night-sweetin poisoning case at Mount Vernon, 40 miles north today was credited with causing an investigation into a local case of mysterious death on a theory of poisoning.

Organs from the body of Joseph Harrington who died here September 3, were on their way to Springfield for chemical analysis today.

Coroner Wm. McGowan had the body of Harrington disinterred in a cemetery here late yesterday and after an autopsy, ordered the dead man's widow, Ruby, and the husband she married September 24, held on suspicion.

Robert Tate, a coal miner who had boarded at the Harrington home for several months is the husband of the widow.

Dr. L. H. Green, who with Dr. M. Hendrickson performed the autopsy, admitted "there was something wrong with the stomach." But he refused to state whether he believed it was a case of poisoning.

Harrington and his wife were both active members of the Holly Roller church and Harrington declined medical attention when he became ill August 28. He grew worse and died Sept. 3. A physician in the death certificate ascribed death to "congestion of the bowels."

COPPER CARBONATE POPULAR IN COUNTY

Enough Sold to Treat 8,265 Bushels
of Wheat for Stinking Smut—Few
Have Sown Wheat

MAJORITY WAIT FOR OCT. 1

That Rush county seed wheat will be more extensively treated for smut this year than ever before in the history of the county, is revealed by the fact that Rushville drug stores have sold enough copper carbonate to treat 8,265 bushels of wheat.

Counting two bushels to the acre, enough seed has been treated to sow 4,132.5 acres. This is a much larger percentage than usual and it is expected to increase the value of the 1925 wheat crop in the county.

Although some wheat has been sown, it is estimated that a big majority of the wheat growers of the county have postponed sowing until the fly-free date, Wednesday, October 1.

Those who have sown realize that they take a chance in having the Hessian fly destroy their seed, but they prefer to take that chance rather than risk bad weather that might come at any time and delay them.

Many farmers have all plans made for sowing wheat the first of next week. Most of them believe that Monday will be near enough to the fly-free date to be safe.

Weekly Marketgram

(Bureau of Agricultural Economics, United States Department of Agriculture.)

Washington, Sept. 27—(For the week ending September 26, 1924)

LIVESTOCK AND MEATS—Chicago hog prices ranged from 20. to 30¢ higher than a week ago, closing at \$10.40 for the top and \$9.10 to \$10.10 for the bulk. Medium and good beef steers 25 to 35¢ higher at \$6.75 to \$10.75; butcher cows and heifers steady to 25¢ higher, feeder steers steady at \$4.75 to 5.75; light and medium weight veal calves 50¢ to \$1 higher at \$9.50 to \$12.50. Fat lambs steady to 15¢; higher at \$11.25 to 13.45; feeding lambs steady at \$11 to \$13.25; yearlings steady at \$7.75 to \$10.25; fat ewes steady at \$3.50 to \$6.75. Stocker and feeder shipments from 12 important markets during the week ending Sept. 19 were: cattle and calves 127,976; hogs 3,691; sheep 198,751. In eastern wholesale meat markets beef ranged from \$1 lower to 50¢ higher; veal weak to \$2 lower and pork loins and ham \$1.00 lower to \$1 higher; mutton \$2 lower to \$2 higher. Sept. 26, prices good grade meats: beef \$14 to 17; veal \$19 to 21; lamb \$19 to \$22; mutton \$13 to 15; light pork \$14 to \$24 to \$29; heavy loins \$16 to \$20.

FRUITS AND VEGETABLES

Potatoes slightly weaker. New Jersey Irish cobblers mostly \$1.35 to \$1.50 sacked per 100 pounds in city wholesale markets; \$1.15 to \$1.20 fob. Long Island bulk cobblers and green mountains \$1.40 to \$1.50 N. Y. Northern sacked round whites 90¢ to \$1.05 earlott sales in Chicago; 75¢ to 80¢ fob. Eastern Shore Virginia yellow varieties of sweet potatoes 50¢ to \$1 lower; closing, at \$3.50 to \$5.25 per bushel, top of \$6 in Chicago. New Jersey yellows \$1.75 to \$2 per bushel hamper in New York and Pittsburgh. Onions 25 to 50¢ lower. New York and midwestern yellow varieties \$1.50 to \$2 sacked per 100 pounds in consuming centers. \$1.40 to \$1.65 fob. New York domestic type cabbage \$2 to \$3 lower at \$10 to 15 bushel per ton in Eastern markets; steady at \$8 to \$9 fob. Rochester, New York. Alberta peaches ranged \$1.75 to \$3 per bushel basket and six basket carrier in Eastern markets; \$1.75 to \$2 fob. Apples irregular. Wealthy's sold at \$1.25 to \$1.75 per bushel basket in Eastern Markets; \$1.25 to \$1.35 fob. Rochester, Northwestern Greenings \$4.50 to \$5 per bushel in New York Illinois and Missouri Jonathans \$6.50 to \$7.50 in Chicago.

HAY—Hay market spotted, affected local conditions each market. Low grades continue very dull. Timothy generally easier account heavier receipts some markets. Alfalfa and prairie firm with advanced prices account light receipts. Quoted Sept. 26, No. 1 timothy, Boston \$21.50; New York \$27.50; Pittsburgh \$21.80; Cincinnati \$18.50; Chicago \$25; St. Louis \$4.50; Kansas City \$16.50; Memphis \$24; Minneapolis \$20. No. 1 alfalfa Kansas City \$21.75; Omaha \$18; Denver \$15; Memphis \$27.50. No. 1 prairie Kansas City \$12; Omaha \$13; Chicago \$16; St. Louis \$14.50; Minneapolis \$17.

FEED—Heavy wheat milled production depressing influence in markets. Offerings larger than they have been for some time. Some improvement in demand from interior but large mixers doing sparingly. Cottonseed cake and meal firm with heavy demand for slab cake for export. Good feeding demand for cake in southwest. Linseed meal easier with offerings for future shipment steadily increasing. Cornfeeds barely steady with supplies exceeding demand. Alfalfa meal dull with mills asking higher prices than mixers eager to pay stop movement and stocks most feeds good. Quoted Sept. 26, spring middlings \$24.50; 34 percent linseed meal \$4. Chicago hominy feed \$4.15; gluten feed \$40.80; Memphis 30 percent cottonseed meal \$37. Sixty percent digester tankage \$60 at various shipping markets.

DAIRY PRODUCTS—Butter markets somewhat steadier and firmer after a week of unsettled trading. Tone of market has been sensitive, with a shortage of fancy goods about the only support. Production slowly decreasing as season advances but market receipts have been quite heavy in the relation to the current demand. Some storage butter beginning to move. Although active movement held back on account of current prices being below cost prices at time butter was stored. Firm foreign markets make some export trade appear as a possibility. Closing wholesale prices on 92 score butter; New York 37¢; Chicago 35¢; Phila 38¢; Boston 37¢. Cheese mixts steady to firm although trading seems to have dropped off some in volume as compared with week ago. Weather conditions have been favorable for both quantity and quality production, and production in Wisconsin has held up well for season. Market lighter in New York on account of closing factories or diverting of milk into other

channels. Closing prices at Wisconsin primary markets Sept. 24. Flats 21¢; twins 20¢; single daisies 21¢; double daisies 20¢; young Americas 22¢; longhorns 22¢, square prints 23¢.

GRAIN—Grain market nervous and erratic, closing strong. Wheat futures up 4 to 4¢ on world situation and export demand. Continued pessimistic European crop advises bullish factors. Corn market fluctuating with condition reports. Prices sagged early in week on favorable weather but closed strong on bullish government crop summary and unfavorable weather. Oats practically lower on corns decline. Slack demand for cash corn; other grains readily absorbed at firm prices. Quoted Sept. 26, No. 1 dark northern spring Mpls. \$1.37-1.55. No. 2 red winter wheat, Chicago \$1.33 to \$1.36¢; St. Louis \$1.30 to \$1.37; Kansas City \$1.27 to \$1.34. No. 2 mixed corn Chicago \$1.09 to \$1.10¢; Mpls. \$1.03 to \$1.04. No. 2 yellow corn Chicago \$1.09 to \$1.11; Minneapolis \$1.05 to \$1.06; St. Louis \$1.11. No. 3 yellow corn Chicago \$1.08 to \$1.09¢; Minneapolis \$1.04 to \$1.05; No. 3 white oats Chicago 48 to 48¢; Minneapolis 45¢ St. Louis 49 to 50¢; Kansas City, 48¢; No. 3 white corn Kansas City \$1.07; Chicago \$1.08 to 1.09¢.

**BIBLE THOUGHT
FOR TODAY**

Bible Thought messages, etc., will prove a great service to all in their daily devotions.

God rules within—I will put my Spirit within you, and cause you to walk in my statutes, and ye shall keep my judgments, and do them. And ye shall dwell in the land that I gave to your fathers; and ye shall be my people, and I will be your God.—Ezekiel 36:27, 28.

Prayer—
“Gracious Spirit, Holy Ghost, taught by Thee we covet most, Of Thy gifts at Pentecost, Holy, heavenly love.”

A Good Citizen's Duty

In case there should be any person who has not heard about it, we would like to call attention to the fact, with all due apologies, that there is going to be an election on November 4.

If corruption is prevented, demagogery rebuked, communism foisted and folly warded off, all good citizens must go to the polls and vote.

In 1896 80 percent of the American voters cast a ballot; in 1908, 66 per cent; in 1912, 62 percent; in 1920, less than 50 percent. The stay-at-home vote at the last general election amounted to 25,705,063.

This is not an affliction of any particular state or group of states. The distressing evidence of lack of interest in governmental affairs is common to every section of the country.

It is a constantly growing menace that threatens to sap the vitality of the nation.

As a general rule, the man or woman who neglects to qualify for voting and doesn't vote can give no valid excuse for failure to perform that important civic duty.

Lustless indifference to the welfare of the United States will threaten, if not destroy, orderly government.

Responsibility rests alike upon men and women. There is no distinction as to sex, color or race, providing you are a citizen of the United States.

Find out where you vote and then vote when the time comes.

If you are disqualified for voting by reason of having moved into another precinct, since the last election register on Monday, October 6. Then you are ready to do your duty as an American citizen.

Support The Teacher

There are approximately eight hundred thousand school teachers in the United States not including superintendents, supervisors and principals.

Here are eight hundred thousand opportunities for service and that can not be measured in ordinary terms, if they are appreciated.

Teachers who live up to their possibilities do more than teach children facts that may be learned from books.

They teach them to appreciate the good things in life; tolerance for others; that joy comes not from selfish pursuits, but by making others happy, that the well-rounded man or woman is not self-centered.

Though they have a powerful influence over children, school teachers can not accomplish the results most to be desired without the aid of parents in providing the proper environment at home.

Every community is proud of its schools and its boys and girls. The measure in which their lives redound to the glory of their home community depends upon the support which the teachers receive.

Back them up for results that count in later years.

The Magic of The Future

Can you imagine by what magic a farmer could go to bed at night and wake up in the morning to find that his fields had been plowed without the aid of either human hand or team?

You probably can't, because it is beyond human conception, but B. C. Forbes, widely known economic writer and editor, says that it is neither dream nor fairy tale.

Electricity, he says, will make this seeming witchery reality, because this is only one aim of a movement now in progress, to revolutionize farming. Co-operation, Mr. Forbes asserts, between electric companies, their inventive geniuses and the farmers will enable the farmer to plow while he sleeps.

Such a development seems far away, but in the light of progress that has been made, it may be closer than anyone imagines.

An ignorant man in dead earnest can make a more eloquent appeal than a great orator who isn't.

Good news is twice as good if you have someone to tell it to.

No one has ever been able to explain why bad boys are always the best at most anything they try.

Slogans are good things to have lying around if they are put into practice.

WASHINGTON—Politicians used to put their ears to the ground to hear what the people were saying. Now the people put their ears to the radio and get informed good news what the politicians are whispering to one another.

At any rate, that's what the politicians are afraid they're doing.

Under the old system the politicians had the advantage: they knew things in advance of the people.

Under the new system isn't it possible the people will have the advantage?

This thought worries the politicians.

They don't know exactly what the answer is. They can't judge from past experience, for this is the first campaign the radio has figured in, at least enough to amount to anything.

Under the old system politics through the newspapers. The public also could go to political meetings.

But the natural inference from the fact that less than half the country's eligible voters bothered to cast their ballots at the last election is that they weren't a bit interested.

Not being interested, the politicians guess is that they didn't read what the newspapers printed about politics or attend any political meetings.

Now it's one thing to stay away from a political meeting.

It's one thing to turn from the political page of a newspaper to the pink sheet.

And it's something else again to get past a loud speaker without having something screamed into

METRO'S**Spectacular Screen Picture**

Reginald Barker's genius for staging spectacular and thrilling screen spires has found a new outlet in his recently completed massive production of Metro's "The Eternal Struggle," which is at the Princess theatre.

"The Eternal Struggle" is a picturization of G. R. Lanester's widely read novel, "The Law-Bringers." Many of the scenes were filmed in the frozen Canadian northland. Mr. Barker transported his entire cast to Canada, where for months they endured severe hardships while scenes of great beauty were filmed.

Through the co-operation of the Canadian government, Mr. Barker was enabled to explore and make use of many out-of-the-way places of Canada for exceptional shots.

Thrilling realism is the keynote of "The Eternal Struggle." For the first time in history the turbulent waters of the Seymour Canyon Rapids, near North Vancouver, have been conquered by a canoe to provide one of the great spectacular thrills. The Indians call these rapids "devil-waters," but this apparently did not deter Mr. Barker and his players. Incidentally it is in this scene that Pot O'Malley makes his remarkable jump of 125 feet to rescue Renee Adoree, caught in the swirling rapids below.

Robins Not High-Priced Club

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Sept. 27—Out west, where the baseball bugs breathe fire and snort smoke at the mere mention of New York, there will have to be a new squawk-organized if the Brooklyn Robins win the National League pennant?

Even if the Robins fail to land no better than second or third place, the theory advanced, and generally believed in the west, that money is the biggest factor in baseball will have been exploded.

As long as the Giants keep on winning the pennant the fans can work themselves into a wrath and ask maledictions upon a club that can buy a pennant winner. The Giants have spent a lot of money on players, but Charley Ebbets certainly has never been accused of being reckless with the cash of the Brooklyn club. He has taken as much kidding in the public print about his frugality as the Prince of Wales has read about his horsemanship.

In answer to any more thrusts about his relation to Harry Lauder, Ebbets may be able to say this winter: "Spend money? Why should I be a sucker. I win pennants, and look at my roll."

Compared to Babe Ruth, Willie Kamm, Jimmie O'Connell and several others there isn't an expensive ball player on the Brooklyn team. There are several, in fact, that were picked up off the bargain counter or salvaged from the baseball dump.

Jack Fournier came to the club from St. Louis in a trade for Hy Myers.

Andy High was purchased from the Memphis club for \$5,000.

Milton Stock came from St. Louis in a deal for Mike Gonzalez and some cash.

MUSIC MEMORY CONTEST

The following material can be used in the study of the different numbers.

1. Minute Waltz—Chopin.

The "Minute Waltz" is so called because it is possible to play it within the space of a minute. The French call this number the "little dog waltz." According to a story, Chopin and a lady were one day much amused at the antics of a little dog whirling madly around trying to catch his own tail. "Had I your nimble fingers" said the lady to Chopin. "I should compose a waltz for the little fellow." Acting upon this suggestion, the composer went to the piano and played this dainty number. It is a perfect example of the waltz form waltz, trio, and waltz.

Chopin (Show-Pahn) was born in Poland in 1810 and died in 1849.

Chopin is called the poet of the piano and the musical poet of Poland. James Huneker, the eminent New York critic, said of him, "Within his range he is the most perfect lyrist that ever sang" and "never so long as the piano remains will Chopin be forgotten. He is Rubinstein says "its soul."

2. The Stars and Stripes Forever—Sousa.

A stirring vigorous, military march which is probably the best known of Sousa's compositions. It is in regular march form, the first section having two melodies, the second or trio also has two themes.

John Philip Sousa was born in Washington D. C. in 1856.

He is famous, not only in America but all over the world, as a band leader and composer. His marches are unsurpassed anywhere. He is known as the "March King". During the late war he was director of the largest band ever assembled, that at the Great Lakes Training Station.

3. The Storm—William Tell Overture—Rossini.

A stirring passage suggests the distant muttering of a storm. This comes nearer and nearer until the storm breaks in all its fury. The picture pictures the sharp lightning, the date the scattered raindrops, and the brasses and basses the heavy peals of thunder. The wind shrieks and the swollen torrents rush madly down the mountain-side. The storm spends its force and the storm dies down into refreshing calmness once more.

Rossini (ros-se-ne) was born in Italy in 1792 and died in 1868.

Rossini is one of the greatest Italian opera composers. His masterpiece, William Tell, was produced in 1828. This opera is best known by the overture which precedes it.

4. Anvil Chorus—Il Trovatore—Verdi.

At the opening of the second act, the scene shows a gypsy camp in the Biscay Mountains. As daylight begins to tread the sky, the men begin their day's work and sing as they hammer the heated iron at their anvils. The orchestra has a long introduction, gypsy-like in character.

Verdi (Ver-de) was born in Italy in 1813 and died in 1901.

Eminent Italian opera Composer. "He was the master and founder of Italian musical thought for half a century."

HOMER SCHOOL

HOMER
Editor, FREIDA EDMONDSON
This school is progressing rapidly.

All of the classes in the Junior high school have organized and we aim to make this school the most attractive place in Homer community.

Fifth and Sixth Grade Department

We are all here every day and intend to be throughout the term. Our motto is "work." Work makes the old world move.

The classes in writing are making rapid progress. The art in this department is in free hand drawing and the work done so far is very satisfactory.

We have several little children in the primary room and they are getting along nicely for beginners.

The third and Fourth grade department is progressing also.

The Agricultural class is very much interested in their work. They are still on the study of hogs.

The Seventh and Eighth grades are progressing in English.

The Freshman Biology class watched the circulation of the blood of frog under the microscope this last week and we have also been studying plant and animal cells under the microscope.

There will be a penny social at the Homer School building Friday Sept. 26. Everybody come and buy your suppers.

GING SCHOOL

ENTERTAINMENT

Mr. Marshall, a reader from Indiana Central University of Indianapolis, will give an entertainment at the school Wednesday afternoon in form of humorous and serious readings. He will give "The Hoosier School Master," written by Edward Eggleston, as the main feature of his program. The parents of the pupils are cordially invited to come and enjoy this program.

LATIN CLUB

The "Inter Nos" latin club met Thursday night at the home of Mrs. Stewart. Members of the club chose Latin names for themselves and these names were given in the roll call response. Meetings will be held on Thursday night every two weeks.

A program consisting of Latin songs, short talks and special music was prepared by the program committee, Mildred Billings, Helen Kennedy and Naomi Nash. Contests and a social hour followed the program and business session.

BASKETBALL

Robert McCulloch has been elected captain of the basketball team for the season, 1924-1925. Basketball prospects for the coming year are good. While very little has been done as yet toward actual shaping of a team, it looks as if we should have a team that will be a decided improvement over last year's outfit.

With three men of last year's team as a nucleus around which to build and with three star players from the grades coming on, the team should be able to give a better account of itself when in action. Gings starts the season early in order to utilize to best advantage the good weather. The first game on our schedule is with Center October 3, October 10 we play Orange here and October 17 play Center at Center. While several dates are as yet unfilled we hope to have a full schedule arranged before very long. An attempt is being made to secure the Fairview floor for our games and for practice.

The Sophomores and Juniors are studying "modern Times in the Living Past" in history this year and thus far it has proved very interesting. Special reports have been given which added a greater explanation and far more interest to the study.

These same classes are not going to continue Algebra for three semesters but have started in with Geometry and are beginning now to get a real start.

PENNY SUPPER

Great plans are being made for the penny supper to be given by the school Wednesday night, Oct. 1, 1924. Alice Eakins, Mildred McMillin and Clara Cortner have been appointed as a committee for making posters and other means of advertisement. Don't forget the date, October first, at Ging school. There will be lots of good things to eat, including candy.

NEW SALE

Those who attended "The Covered Wagon" in Rushville, from here, were Dolores Miller, Helen Bricker, Alice King, Margaret Stamm, Thelma Harber, Mary Lois Beyor, Harold Stiers, Cecil Stamm and Virgil White.

We had our first girl's basketball

meeting Monday and everyone is waiting impatiently for the first game which will be with Raleigh October 7.

The boys' team is in regular practice for the coming season which will probably open October 10.

All classes under Mr. Jinks have been in a whirlwind of tests and everyone is coming through with flying colors.

The oyster supper which was given by the Athletic association last Thursday night proved a success, clearing about thirty dollars.

Plans for the Junior Fair which is to be given October 3, are well under way. We hope to make it a great success and are expecting a good crowd. Everyone is cordially invited to come.

Due to the fact that our school attendance is considerably increased this year, it has been found necessary to secure another teacher. Miss Norma Headlee is filling the position.

With Miss Wales as instructor we are finding the music Memory contest very interesting work.

Clinton—While Rev. William F. Feely preached his farewell sermon here with "Greater Love for Parents" as his subject he was informed of the death of his mother.

Seymour—Daniel Hunsucker walked into a bank here, secured money, and paid off a debt to Thomas Julian. Julian was later arrested. He is alleged to have had a gun in Hunsucker's ribs when Hunsucker walked in the bank.
